PRINTS&DESIGN

ROSE M. BURGWEGER
DESIGNER/PHOTOGRAPHER/EDUCATOR

I was employed as a designer for many years in the areas of advertising and promotions for several newspapers: Orlando Sentinel Star, Chicago Tribune, and the Hammond Times. I enjoyed working with their photographers, editorial writers, and advertising staffs.

Teaching is also something I enjoy and have taught at the junior college and preschool levels. I have developed curriculum for both of these levels and various women's/arts ministries. My degree is in BA Visual Art Education, University of Central Florida, Orlando, FL

An unexpected move relocated us from Illinois to Kansas in 1999.
where Walking through Scripture[®] began.
Through the years it has developed slowly but surely, reaching individuals in a variety of ways.
